

➔ **Right On Your School Campus!**

✓ Register online or with the registration form on back side ▶

Surrounded by **LEGOs**, **K'Nex**, and **Solar-Powered Motors**,

we are set loose each week to the task of a brand-new building challenge! By building, testing, and rebuilding, we develop our **spatial reasoning**, get a better understanding of **structural integrity**, and almost in spite of ourselves, put some practical **geometry** to use. No matter how big the build, or how challenging the engineering concept, the #1 question our students ask is... **"Wait, is class over already?"**

▶ **How our classes work:**

Classes are right on campus

Classes are held on campus, 10 minutes after the bell rings.

All supplies are provided

All building materials are provided and included in the class fee.

A brand new project every week

Instructors photograph your child's projects for viewing online.
