

LEGO® ROBOTICS

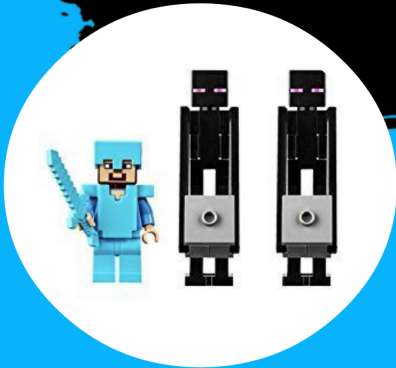

In this class students build working models of machines with their favorite medium Lego®! They also use the intuitive WeDo platform to program the models and bring their creations to life! With a colorful, drag-and-drop interface being used alongside with variety of sensors and child-friendly themes, this class is bound to excite children who will bring everyday Legos® to life by exploring and adding new technology! We provide touchscreen laptops and all supplies required!

INTRODUCTION TO DIGITAL DRAWING

Does your child love to draw? Take drawing skills to the next level by integrating technology. Working with a digital canvas and toolset inspires unique art work while building muscle memory and hand eye coordination. Students will learn to integrate the traditional elements of drawing like lines, shape, form, texture, value etc. into digital art. IntelliBricks will provide touch screen computers and Wacom for the camp.

IntelliBricks Fall Schedule

LEGO® MINECRAFT STOPMOTION ANIMATION

The LEGO® Minecraft Class is an exciting and educational experience into the world of stop-motion animation. Using LEGO® building sets based on Minecraft theme, students will stage their own scenes from a storyboard and take photos of the scene to tell a story. Then they edit the images in the Frames 6 animation software where they add effects, sounds and more. We provide touchscreen laptops and all supplies required!

LEGO® Robotics Adventure Bots	24-Mar	31-Mar	14-Apr	21-Apr	28-Apr	5-May	\$130	\$125	5 to 12	https://gal.re/wylxaiwZqY

LEGO® ROBOTICS MARINE BOTS

Build a submarine or a crab boat, sea lion or a sea gull in our LEGO® Robotics Marine Bots class! In this class, kids explore marine animals and machines while building working models with their favorite, medium LEGOs®. Students will also program the models to give life to their creations while learning concepts like tilt sensors, motion sensors, pulleys, gears, rack and pinions, and more.

LEGO® ROBOTICS ADVENTURE BOTS

It's time for a new adventure! Join us for a fun class, building working LEGO® models to create adventure robots. Choose between a sky diving plane, ski boat, race car or a hang glider! Use the intuitive WeDo platform to program the models and bring your creations to life! With a colorful, drag-and-drop interface being used alongside child-friendly themes, this class is bound to excite children who will bring everyday Legos® to life by exploring and adding new technology!

(Please note: IntelliBricks will provide all LEGO® and touch screen computers for the class. Children cannot take home any of their creations or LEGO® products. LEGO® group of companies does not sponsor, authorize or endorse any of our programs.)

5% off multiple registrations and sibling discount!

Installment plans available for payment!
