# Why Join Scouting?

## Parents

Your child is at an age where everything is **new & fun**.

For them, it is a world adventure to be met with bright eyes and wonder.

They are led by their imaginations. Their most cherished possessions are their friends and a parent's proud smile.

Cub Scouts is a year-round program flexible enough to work with busy schedules. It is family oriented, designed to provide activities and adventure for you and your child. Along the way, you will create the memories of a lifetime.

## Adventure

Your Cub Scout Pack will provide the adventure kids love. Hiking, camping, pinewood derbies, games, exploration; these are just a few examples of the activities you can enjoy together.

## Success

Cub Scouts are prepared! Through STEM activities, nature programs, physical fitness and skills training, Cub Scouts are ahead of the pack.

## Responsibility

Cub Scouts learn the importance of character, decision making, teamwork, respect, citizenship, and sustainability.

## Leadership

Through their participation in Scouting, your child will learn to be a leader – in school, at home, in sports, and among friends. The program encourages youth to “do your best.”

**Scouting is the premier character development program for youth from kindergarten through age 21.**
